Yufing Intelligent Technology Group Go., Ltd.

Disposable MEDICAL MASK

THE COMPANY

Yufing Group was founded in Guangzhou in 2004. Our group mission is to save energy, reduce emissions and promote green lighting. Yufing Group has formed a one-stop service of R&D, manufacturing and sales by integrating industry chain advantages of upstream LED chip, midstream LED packaging and downstream application lighting. In order to meet the needs of the group's large-scale development, Yufing Dongguan Industrial Park, covering about 100,000 square meters, was officially put into use in 2018.

At present, Yufing Group has completed the market strategic planning and layout in Asia, Africa, Europe, America and other regions. The next five-year business strategy planning is to carry out the technical route and product route layout in automotive lighting, modern agricultural plant lighting, professional consumer electronics lighting and UV LED light source application, so as to realize the industrial output. As a pioneering and leading company of LED industry, Yufing Group, adhering to 17 years' strong technology background, has been making his contribution to sustainable development of LED technology and products.

In the future, persisting in the company vision: to be the respected world-class leading lighting company, following the core value of gratitude, commitment, responsibility, efficiency and change, Yufing Group will create a harmonious ecological circle for the win-win development of employees, partners, enterprises and shareholders, and share the respect and glory brought by Yufing's green lighting industry on the way to jointly pursue the world's green lighting.

- Anti bacteria
- Dust proof
